ADVANTAGE 1

QUALITY & SERVICE

WE AT KUNSTDÜNGER ATTRIBUTE GREAT VALUE TO QUALITY.

IT | questo si riflette da un lato nella realizzazione, nel ruolo e nella lavorazione dei nostri prodotti e dall'altro nella collaborazione con i nostri clienti. kunstdünger consegna in 80 paesi in tutto il mondo. la nostra gestione dei progetti con consulenza, pianificazione, sviluppo e montaggio è apprezzata da più di 18 anni nel mercato della comunicazione visiva.

DE | das spiegelt sich zum einen in der gestaltung, funktion und verarbeitung unserer produkte wieder, und zum anderen in der partnerschaftlichen zusammenarbeit mit unseren kunden. kunstdünger liefert in über 80 länder der erde. unsere projektentwicklung mit beratung, planung, gestaltung und montage wird im beschilderungsmarkt seit mehr als 18 jahre geschätzt.

EN | this is reflected on one hand by the realization, in its role and in the workmanship of our products, and on the other in the collaboration with our clients. kunstdünger delivers to 80 countries worldwide. our project consulting management, planning, development and installation has been appreciated for more than 18 years in the signage and information market.

ADVANTAGE 3

DESIGN FOR ANY ENVIRONMENT

SIGNCODE IS DIFFERENT. THIS IS REFLECTED IN THE EXTRAORDINARY DESIGN.

IT | sia per l'esterno che per l'interno, kunstdünger utilizza lo stesso linguaggio e la stessa qualità di materiali. profili di alluminio anodizzato di alta qualità vengono trasformati in pannelli singoli oppure in sistemi direzionali e di orientamento. il design caratteristico degli angoli signcode conferisce a questo sistema di segnaletica un carattere unico ed inconfondibile.

DE | sowohl im innen- als auch im außenbereich setzt kunstdünger auf die gleiche formensprache und materialanmutung. hochwertige, silber eloxierte aluminiumprofile werden zu einzelschilder oder leit- und orientierungssysteme verarbeitet. die signcode-typischen designecken verleihen diesem schildersystem sein unverwechselbares aussehen.

EN | whether for indoors or outdoors, kunstdünger uses the same language and the same quality of materials. high quality anodized aluminium are transformed into single panels or way finding systems. the design of signcode is characterized by the corners, giving this signage system a unique and unmistakable character.

ADVANTAGE 2

UNLIMITED POSSIBILITIES

SIGNCODE OFFERS A FULL RANGE FOR WALL, CEILING, FLAG AND FOR OUTDOOR PANELS.

IT | nel caso di informazioni che vadano aggiornate frequentemente, signcode è la prima scelta. un pannello in acrilico antiriflesso protegge le informazioni stampate su carta signcode. per la stampa di informazioni permanenti in serigrafia, stampa digitale, stampa diretta su un materiale in alta qualità, la protezione in acrilico viene sostituita da un pannello in alluminio stampabile. signcode-color porta il colore nei suoi progetti di segnaletica.

DE | bei häufiger aktualisierung von informationen ist signcode die erste wahl. eine reflexfreie acrylscheibe schützt die beschriftungseingleger aus signcode-paper. für dauerhafte beschriftung im siebdruck, digitaldruck, direktdruck oder mit weiser hochleistungsfolie wird die acrylscheibe durch ein beschriftbares aluminiumpaneel ersetzt. signcode-color bringt farbe in ihr beschilderungsprojekt.

EN | in those instances where information needs to be updated regularly, signcode is the first choice. a non reflecting acrylic panel protects the information printed onto signcode paper. for permanent prints with screen printing, digital printing or direct printing onto high quality material, the acrylic protection is substituted with a printable aluminium panel. signcode colour brings colour to your signage projects.

ADVANTAGE 4

THE PATENTED SPRING CLOSING SYSTEM

WITH THE HELP OF THE KEY YOU CAN CHANGE INFORMATION IN A FEW SECONDS.

IT | la chiusura a molla brevettata di signcode protegge i suoi cartelli da accessi non autorizzati. con l'aiuto della chiavetta si possono cambiare le informazioni in pochi secondi. signcode rende possibile anche la realizzazione di pannelli speciali come la segnaletica di sicurezza, indicazione delle vie di fuga e segnaletica per non vedenti.

DE | der patentierte signcode-federverschluss schützt ihre schilder vor unbefugten zugriff. mittels systemschlüssel erfolgt der informationswechsel in sekundenschnelle. auch sonderbeschilderung wie sicherheitskennzeichnung, fluchtwegbeschilderung und beschilderung für sehbehinderte und blinde sind mit signcode möglich.

EN | the patented spring closing system protects your panels from unauthorized access. with the help of the key you can change information in a few seconds. signcode gives you the possibility to make special panels such as those for security, emergency exit indications and signage for visually impaired people.

SIGN FOR

ORIENTATION

KD lays the foundation stone.
in every place the right sign.

IT | un singolo elemento oppure un sistema completo direzionale e di orientamento si adattano al cliente e si integrano nell'architettura circostante. la linea di segnaletica signcode si adatta perfettamente alle sue esigenze e offre segnaletica a soffitto, a parete, a pavimento, a bandiera e fuoriporta, così come anche segnaletica per l'esterno in diverse dimensioni, forme e colori. solo con l'aiuto di molti dettagli funzionali e creativi e con un elevato standard di qualità si ottiene da un semplice cartello un sistema di orientamento e direzionale consolidato, che porta a destinazione in sicurezza.

DE | ein einzelnes schilderelement oder auch ein komplettes leit- und orientierungssystem muss zum kunden passen und sich in die umgebende architektur eingliedern. die signcode beschilderungslinie passt sich optimal ihren bedürfnissen an und bietet decken-, fahnen-, tür- und wandschilder sowie etagenwegweiser und ausseninformation in unterschiedlichen größen, formen und farben. so machen wir aus einem schild durch die vielen funktionalen, gestalterischen details und dem hohen qualitätsstandard ein ausgereiftes orientierungs- und leitsystem, das jeden sicher an seub ziel führt.

EN | a single element or a complete directional system will adapt itself to the clients and will integrate into the surrounding architecture. the signcode range is perfectly suited to your needs and offers ceiling, wall, floor, flag and door signage, likewise for outdoor use in different dimensions, shapes and colours. only with the help of many functional and creative details and a high level of quality can you obtain from a simple sign a consolidated way finding and directional system, which takes you to the destination in safety.
